## Sit Down With Brandi

Brandi is a twenty-seven-year-old who found her way to the Women's Life House. She has been a resident with us for two and a half months. We sat down together, began to have a conversation, and talked about many things. Here is a little bit from our conversation.

*Brandi, Why are you really here?*

I couldn't make the right decisions on my own. I needed some guidance. I found out that my way wasn't working. I came to the understanding that the world doesn't revolve around me.

*What have you accomplished since being at the Women's Life House?*

I've accomplished a lot since being here. I've managed to stay clean. I've gotten a full time job working in a wood shop. I was given a raise and I'm the only female that the company has ever hired, and they've been in business for fifteen years. I believe that I'm doing very well there. I bought a car with cash from working. I'm paying off debts and working on my savings.

*What about spiritual things?*

I'm learning about God and the bible. I'm building trust and seeing where it all goes. I'm new to all of this.

*What do you want to have in your future Brandi?*

To be able to function on my own. To be able to handle daily things without panicking. There are a lot of things that I want to do in the future. But right now I must focus and work on myself.

“I couldn't make the right decisions on my own. I needed some guidance... my way wasn't working...”
